Fibre boxes used for this shipment conform to the specifications set forth in the box makers certificate thereon, and all other requirements of Rule 41, of the Consolidated Freight Classification.

It is to certify that the above named articles are properly classified, described, packaged, marked and labeled, and are in proper condition for transportation, according to the applicable regulations of the Department of Transportation.

If shipment moves between two ports by a carrier by water, the law requires that the bill of lading shall state whether it is "carriers or shippers weight."

Shippers' imprints in lieu of stamp, not a part of Bill of Lading approved by the Interstate Commerce Commission.

Where the rate is dependent on value, shippers are required to state specifically in writing the agreed or declared value of the property.

Agreed or declared value of the property is hereby specifically stated by the shipper to be not exceeding

VED, subject to the classifications and lawfully filed tariffs in effect on the date of issue of this Bill of Lading.

Property described below in apparent good order, except as noted (contents and condition of contents of packages unknown), marked, consigned, and destined as indicated below, which said carrier being understood to deliver to the consignee at the place of destination, and as to each party at any time interested in all or any of said property, that every service to be performed hereunder shall be subject to all terms and conditions of the Uniform domestic Straight Bill of Lading set forth (1) in Official, Southern, Western and Illinois Freight Classifications and (2) on the date hereof, if this is a rail or a rail-water shipment, or (3) in the applicable motor carrier classification or tariff if this is a motor carrier shipment.

The shipper hereby certifies that he is familiar with all the terms and conditions of the said bill of lading, including those on the back thereof, set forth in classification or tariff which governs the transportation of this shipment.

Said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

For Freight Collect Shipments, if this shipment is to be delivered to the consignee without recourse on the consignor, the consignor shall sign the following statement: The carrier may decline to make delivery of this shipment without payment of freight and all other lawful charges.
